STATE OF ALABAMA

DEPARTMENT OF INSURANCE

MONTGOMERY

THARPE FORRESTER
COMMISSIONER OF INSURANCE

October 1, 1982

Honorable Fob James
Governor of Alabama
State Capitol
Montgomery, Alabama 36130

Dear Governor James:

In accordance with the provisions of Section 27-2-9, Code of Alabama 1975, the Annual Report of the Commissioner of Insurance, covering the operations of all insurance companies authorized to transact business in Alabama in 1981, is transmitted herewith.

Your attention is directed to that portion of the Report entitled "Summary of Operations" which gives in some detail the activities of this Department.

The amounts used in the financial sections were taken from the Annual Statements filed by the various companies, without audit or verification.

Sincerely yours,

Tharpe Forrester
Commissioner

TF:dkh

Summary of Operations

The insurance business in Alabama continued to grow during 1981, but at a lesser rate, with Alabamians paying $2.9 billion in premiums for all types of insurance, an increase of 4.1%, compared with 7.6% growth in 1980 and 9% for 1979. The decline in the growth rate for 1981 was attributable to the state's depressed economy and the continuing competitive rate climate in the commercial property and casualty segment.

Premiums collected by property and casualty companies increased only 2.9%, to $1,198,358,000, from the previous year, and the direct premium and annuity consideration for all life insurance companies increased by only 2.8% to $759,553,000. Accident and health premiums totaled $946,797,000 representing an over-the-year gain of 6.8%. Title insurance premiums totaled $6,526,000.

In 1981, the insurance industry paid to the Department $71,666,734 in premium taxes and fees. Of this amount, $55.1 million was deposited to the General Fund and $16.5 million to the Special Education Trust Fund.

Statistical data covering insurance premiums and losses, as well as premium taxes and fees collected by the Department, are for calendar year 1981. Information regarding Departmental disbursements is for the fiscal year October 1, 1980 - September 30, 1981.

The Insurance Department consists of five operational divisions: agents' testing and licensing, life and disability, property and casualty, receivership, and financial examination. Also a part of the Insurance Department is the State Fire Marshal's office. Support is provided by the administrative and legal divisions. The Commissioner of Insurance is an ex-officio member of both the Alabama Securities Commission and the Alabama Arson Prevention Task Force.

Alabama's insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review all life and accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life or accident and health insurance, except for Medicare supplement policies. Authority was given to the Department in 1981 to regulate rates applicable to those policies sold to supplement Medicare. Most property and liability rates, however, are subject to the Department's approval, and the services of consulting actuaries are obtained, when needed, to assist the staff in evaluation of property and liability rate filings.

Consumer affairs are handled by the life and property and casualty divisions, with emphasis that fair and equitable treatment of policyholders be given by companies. Violations by agents and companies are investigated and, when justified, administrative or legal action is taken. During the year, several agents were indicted as a result of investigations by the Department with the cooperation of Governor James' White Collar Crime Commission and the Attorney General's office.

In 1982, the Department's regulations pertaining to the sale of credit life insurance and coordination of benefit guidelines for group health insurance policies were updated. The latter were revised to adopt the most recent National Association of Insurance Commissioners' coordination recommendations and to reflect the practices of the industry countrywide. A new regulation requiring insurance agents to provide premium receipts in certain instances became effective October 1, 1982.

At 1981 year end, eight former Alabama life insurance companies remained in receivership. During 1982, receiverships were completed for the following insurers: Alliance Life (1971), Modern Home Life (1974), and Vanguard Security Life (1976). Dates shown are year of insolvency. Receiverships continue for the following insurers: Alabama National Life (1970), Old National Life (1970), Empire Life (1972), Trustee Life (1975) and Life Insurance Company of America (1981). Efforts are continuing to close out the regulatory functions for those remaining companies as soon as possible. Lincoln Industrial Insurance Company, a mutual aid, was placed in receivership June 19, 1981, and its business was assumed by American Trust Life Insurance Company December 14, 1981. The charter of Lincoln Industrial was then dissolved.

There was increased activity in the Agents' Licensing and Examination Division in that the number of individuals applying for licenses to sell insurance increased 13% during 1981 from the previous year. Total examination and licensing fees collected in 1981 increased by 12%.

The 1981 legislation requiring a 40-hour pre-licensing course for life and disability agents became effective October 1, 1981. The Department has approved curriculums for 11 institutions of higher learning and 163 courses offered by insurers.

The Examination Division scheduled 20,622 agents' licensing examinations for 10,696 applicants, an increase of 12% and 15% respectively.

During 1981, Insurance Department examiners completed 32 on-premises financial examinations of domestic insurance companies. The duration of these examinations varied from one week to several months, depending upon the size and complexity of the company being examined.

Emphasis has been placed on improving the professionalism of the Department's staff. All insurance examiners holding the classification of Insurance Examiner II or Insurance Examiner III are required to qualify as an Accredited Financial Examiner or Certified Financial Examiner. These are minimum standards of experience and training developed by the National Association of Insurance Commissioners to assure that insurance examiners representing the several states meet certain minimum qualifications. At year-end 1981, three examiners from the Department achieved the status of Accredited Financial Examiner, and five have obtained the designation of Certified Financial Examiner, the highest category.

In the course of each year, numerous insurers from other states make application for admission to Alabama. In 1981, our Admissions Committee reviewed 65 admission applications and approved 45 companies for licensing. In addition, 15 licenses

were issued to survivors of mergers of previously licensed companies.

The 1982 Legislature passed several laws that upgraded Alabama's Insurance Code. The new laws included eliminating the requirement that the Department publish a question and answer book for property and casualty agents and in lieu thereof may designate study material from which questions for the state examination may be taken; authority to require life and disability insurers to participate in a guaranty fund which will reasonably protect policyholders of this state from insolvencies of such companies, and to extend the Department's authority to place a company under its supervision from 60 days up to six months. Prepaid dental plans, offered by a non-insurer, are now subject to regulation by the Department.

Areas that will need the attention of the Legislature in 1983 include: legislation clarifying the status of multiple employer trusts; an investment law governing the type of investments eligible to be made by domestic property and casualty companies, authority for the Commissioner to levy administrative fines; and strengthening our surplus line statute. Consideration should also be given to amending the law pertaining to the inspection and licensing of fireworks establishments to permit inspection of such units on a discretionary basis by the State Fire Marshal.

An abbreviated report pertaining to the State Fire Marshal's office is attached. Statistical data covering the activities of that office may be obtained upon written request.

Re: Annual Report
State Fire Marshal's Office for the Year of 1981

Dear Sir:

This report is submitted for your information and approval in accordance with Chapter 19, Section 36-19-16, Code of Alabama, 1975.

There were one-hundred and ninety-eight (198) fire fatalities during the year of 1981. This is an increase over 1980 of thirty (30) fire fatalities.

This office has assigned priority to investigating fires involving fatalities. The Department of Forensic Science has cooperated with this office in processing blood samples and conducting post mortem examinations of fire victims in the attempt to determine cause and contributing factors to fire deaths. We have attempted to emphasize the importance to local authorities and coroners of taking blood samples when fatalities occur. Equally important, the request for post mortem examination when the cause of death is undetermined. In spite of our efforts, and the efforts of the Department of Forensic Science, we had seventy-four (74) fire fatalities where the cause was undetermined or not properly reported.

Your attention is directed to the fact that four (4) persons were convicted in 1981 on a charge of murder and arson. We have one (1) case of murder and arson pending court at this time. It may be necessary for legislation which would cause a blood sample to be obtained from each fire victim or a post mortem examination be required where taking of blood is considered impossible, due to extensive burning, so that all fire deaths may be handled in a professional manner. It is not unusual for personnel of this office to be called to a fire

death investigation after the body is buried. We are finding in many instances, where fire fatalities occur, that the individual has excessive amounts of alcohol in his blood stream. There is a strong indication that in many instances fire fatality victims are intoxicated. It is strongly suspected that alcohol contributes to fire deaths in the same manner that it does in vehicular deaths. To reduce the number of fire fatalities in the state, it is imperative that we know the absolute cause of these fire fatalities.

This office has endeavored to cooperate with fire officials, police officials, insurance companies, adjusters, State Department of Pensions and Security, State Building Commission, Bureau of Health Facilities Construction, State Department of Mental Health and all county agencies throughout the state in conducting investigations, inspections, and other duties and responsibilities of this office mandated by state law.

In 1981, the personnel of this office conducted seven-hundred-forty-four (744) investigations. Action was initiated against eighty-six (86) defendants for arson and/or other offenses. Forty-six (46) convictions were obtained.

During 1981, one-hundred-twenty (120) defendants were brought to trial on other offenses which were pending prior to 1981. Forty-seven (47) defendants were convicted.

There were four-hundred-thirty-seven (437) inspections conducted in 1981. We became aware that there were serious problems in handling and storage of flammable and combustible liquids and other violations at service stations. In following up this suspected problem, we inspected one-hundred-eight (108) service stations and approved six (6). This points to the necessity of the continued inspection of these facilities.

In May, 1981, Act #81-409 concerning fireworks became effective. The State Fire Marshal is charged with the responsibility of implementing the fireworks law. From May 1981, through December 1981, we issued one-thousand-thirty-seven (1037) permits and conducted one-thousand-five-hundred-fifty-three (1553) inspections and reinspections of fireworks locations prior to issuing the above permits.

There is a critical need to amend the fireworks law, and we expect, in the near future, to be working with fireworks distributors, wholesalers, retailers and other interested persons toward that end.

During 1981, personnel of this office conducted thirty-six (36) inspections of county jail and approved two (2). Reinspections were conducted of twelve (12) city jails and one (1) city jail was approved. In 1977, this office set up a procedure for inspecting and reinspecting county and city jails. We found jails in the state in a deplorable condition. Due to our inspection procedure, many improvements have been made in the jails of the state. Some jails have been closed due to the fact that they were unfit for use as a jail. One (1) limited inspection was conducted of a temporary dormitory facility at Draper Correctional facility.

In 1981, the Mobile Home Section of this division sold two-hundred and sixty-six (266) licenses to Alabama manufacturers, out-of-state manufacturers and mobile home dealers.

We received twenty-six (26) consumer complaints, sixteen (16) of these complaints were satisfactorily resolved. We currently have nine (9) outstanding complaints. Repairs received by consumers, through complaint actions produced a savings of $4,350 to the consumer.

The Manufactured Housing Section has made thirty-seven (37) on-site inspections of manufactured buildings, twenty-one (21) manufacturers have been inspected, sixty-three (63) plan and plan option reviews and thirty-two (32) quality control manuals have been reviewed. This section has issued seventy-one (71) insignias.

I would like to take this opportunity to express to you my appreciation for the job performance of personnel of the State Fire Marshal's Division and especially to the secretarial help of this office. I am sure that you are aware of the fact the added workload which has been directed toward this office without additional personnel. I have not heard a single complaint from office personnel as they have responded to an extra heavy workload. I do not feel that dedication of this sort should go unnoticed.

This is to assure you of our desire to cooperate with you in all matters of mutual interest.

Sincerely,

Roy L. Thornell

Roy L. Thornell
State Fire Marshal
